Предмет/Subject: Cooperation between Schneider Electric and Ltd Unikraft

JSC "Schneider Electric" expresses deep respect and reports the following:

By this letter JSC "Schneider Electric" hereby confirms that it has for many years fruitfully and successfully collaborated with the "Unikraft Ltd" general contractor on the objects of Moscow Domodedovo Airport in the implementation of automation and building management.

From 2008 to present, we have jointly implemented systems of automation and control of buildings on the following sites: ZTB-2 (2008), Customs Canine Service Building (2009), Medical Center Building (2009), Aerokargo Training Center (2012), International Cargo Terminal DTC-4 (to this moment).

We sincerely hope for further fruitful cooperation.

Sincerely,

**Gregory Lyashenko**

Director of commercial Department management of buildings  
Schneider Electric
